DETAILED ACTION

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance. In interpreting the claims, in light of the specification and the applicant's amendments and remarks filed 12/02/2009, the Examiner finds the claimed invention to be patentably distinct from the prior art of record. The prior art does not teach the method of managing virtual routing forwarding tables at a provider edge router of a L3 virtual private network as required by the claims of the present invention. In contrast to the prior art, the present invention teaches a method of managing virtual routing forwarding tables at a provider edge router of a L3 virtual private network, said PE router maintaining a VPN-IP master routing information base (RIB) and a sub-RIB for each said VRF table, comprising: maintaining an import route target (ImpRT) tree comprising all ImpRT attributes currently configured on said PE router; modifying an ImpRT attribute of a first VRF table in said PE router; searching said ImpRT tree for a match to said modified ImpRT attribute to identify a second VRF table in said PE router having a matching ImpRT attribute; for peers supporting a route refresh feature, performing a route refresh operation only when a match is not found; for peers that do not support the route refresh feature, maintaining rejected routes in a rejected routes tree; searching for routes in a sub-RIB associated with said second VRF table; and copying said routes from said sub-RIB into said first VRF table based on all route target attributes configured for said first VRF table, including the modified ImpRT attribute as recited in the Applicant's independent claim. The limitations of the independent claims are allowable subject matter over the prior art, in light of the specification.

Art Unit: 2445

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1-3,5 and 8-14 are allowed.

Conclusion

Any inquiry concerning this communication should be directed to Vivek Srivastava at telephone number 571-272-7304.
